**EXTRA
CREDIT**

Extra Credits

- **Time Validation**
 - **Appointment Status**
 - **Email Reminder**
 - **Appointment Constraints**
- 

Extra Credits

Time Validation

- Users can only book appointments between 10:00 AM and 8:00 PM.
- Users cannot book appointments for past dates and times.
- Users can only book appointments in hourly time slots (e.g., 11:00 AM, 12:00 PM, 1:00 PM, etc.), with each session lasting 1 hour.

Extra Credits

Appointment Status

- There are two statuses for appointments:
 - Upcoming: Future appointments that have not yet occurred.
 - Completed: Appointments that have passed and were not deleted.
- A user can only have one upcoming appointment at a time. If a user already has an upcoming appointment, they cannot book another appointment.
- The status of an appointment will automatically change from upcoming to completed if the appointment date has passed, provided it was not deleted.
- If the patient did not show up, the admin will delete the appointment.

Extra Credits

Email Reminder

- The system will send a mail reminder to the user, informing them of the appointment date and time.

Appointment Constraints

- A user cannot book the same doctor at the same time as another patient.
